

CONSTRUCTION WORKERS

What: [OSHA 10 Hour Construction Safety and Health Training Course](#)

For whom: For all those currently working or planning on working in all types of Construction Trades and Vocations and for those working in and around construction sites. Safety is important to any worker whether you are employed, un-employed, or self-employed.

Where: Athens State Highway Patrol located at 13600 Della Drive, Athens OH 45701

When: March 13th (8:00 am – 4:00 pm) & 14th (8:00 am – 12:30 pm), 2017 (Two day course—see schedule below). (15 minute breaks; ½ hour Monday lunch is provided)

Sponsored by: Athens Area Chamber of Commerce and Tim Traxler of ICF Building Products, Ltd. & Water Tank Sales

How many: We need at least 10 people and as many as 25 persons interested in receiving this valuable training. Sign up ASAP to secure your place in the class room.

Benefits of the training: It is a lifetime investment. You will receive a life time ID Card that can assist with securing and maintaining employment in all construction trades. Workers who go about their work in a safety conscious manner are an asset to have on any job site. Safety minded workers save lives and keep accidents from happening.

Cost and Payment: Check or Cash payment of \$110. Make payable to ICF Building Products, Ltd. And send payment to: 15166 Hooper Ridge Road, Millfield, Ohio 45761 (Payment must be received by February 28th; NO refunds after February 28th). Payment includes the cost of training, course ID Card and Monday lunch.

What information is needed: We need to have a list of all attendees by March 1st that includes the following information (send this information with payment):

- Full Name
- Address
- Phone numbers
- Indicate if you are employed, un-employed, or self-employed.
- Company Name and BWC policy number, if employed.

Attendance: Attendance is mandatory to get course credit and receive a 10 hour Construction ID Card (it is a lifetime investment).

Topics Covered: Job Site Hazards, Fall Protection, Stairways & Ladders, Scaffolding, Electrical, Personal Protective Equipment (PPE) Health Hazards, Hazard Communication, Hand Power Tools, Excavations, Material Handling-Storage & Disposal, & More.

Instructor(s): Mike Marr, Ohio BWC, Division of Safety & Hygiene

Contact: Tim Traxler: Bus Phone 740-448-3131; Cell 740-590-0562
